

Memorandum of Agreement between WSU, Sydney, Australia and GBPUAT, Pantnagar, India

A step further to enhance quality in student's research Pant University has entered in partnership with the Western Sydney University, Australia- Ranked Number One in the world for its social, ecological and economic impact in the latest Times Higher Education University Impact Rankings. The MoA for partnership between two universities was inked by **Dr. Manmohan Singh Chauhan, Vice-Chancellor, GBPUA&T, Pantnagar, India** and **Professor Barney Glover, Vice-Chancellor and President, Western Sydney University, Australia**. The Agreement was signed in New Delhi at Western Sydney University's SDG Forum, themed "Partnership with Impact-advancing with SDGs."

On this occasion **Professor Alaknanda Ashok, Dean, College of Technology, Professor K P Raverkar, Dean, Post Graduate Studies, Professor Jyothi Prasad and Professor Shiva Prasad** from Department of Civil Engineering and Professor R K Srivastava, Professor of Environmental Science from Pantnagar University were witnessed the event.

Under this partnership the interested Master's and Ph.D. students from select disciplines would be able to register for dual degree with opportunity to undertake part of their research at WSU, Australia.

The MOA aims at improving the research ecosystem of India's higher educational institutions by facilitating post graduate academic and research collaborations between Pantnagar University and the best institutions Australia.
